

Full Paper Title

First Author, Second Author and Third Author

Abstract. A short abstract (summary) of your contribution may be inserted here. Use short, direct sentences. It should be as concise as possible. It should be complete, self-explanatory and should not require reference to the paper itself. The abstract should be informative, giving the scope and emphasizing the main conclusions, results, or significance of the work described.

Introduction

Papers should clearly describe the background of the subject, the authors work, including the methods used, and concluding discussion on the importance of the work.

1. Citations

The bibliography is specified at the end of the TeX file, and can be referenced using citations command [1, 2, 3].

2. Equations

The equation environment automatically numbers your equation:

$$f(x) = (x + a)(x + b) \tag{1}$$

You can also use ref command to reference equation 1.

3. Tables and Figures

Figure captions and table headings should be sufficient to explain the figure or table without needing to refer to the text. Figures and tables not cited in the text should not be presented. The table 1 contains a table example.

Figure 1 represents a sample plot.

header1	header2	header3
cell1	cell2	cell3
cell4	cell5	cell6
cell7	cell8	cell9

TABLE 1. Sample table

FIGURE 1. Sample figure

Conclusion

Conclusions should state concisely the most important propositions of the paper as well as the author's views of the practical implications of the results.
